
Considering Serving on the MRV Executive Committee?

The AAPM is built on the strength of its thousands of volunteers and the Chapters are no different. The MRV Executive Committee serves approximately 200 Medical Physicists in Kansas, Nebraska, Iowa, and Missouri.

Why Volunteer to Serve?

- Interact with colleagues and develop your professional network
- Help organize events that you would like to see in our area
- Learn how the AAPM operates and serves its members
- Help build on the strong history of collegiality in the MRV Chapter.

The Executive Committee

President Elect

If elected President Elect, you will begin the three year presidential chain. The first year is helping organize meetings and learn the processes of the Chapter. The second year is serving as the Chapter President and the primary role is leading the organizing of any meetings and managing any issues that come up with the Chapter. The third year you serve as the past President and are not in charge of the meeting but are involved to help the President and President elect learn their roles.

Secretary/Treasurer

As Chapter Secretary/Treasurer you organize chapter elections, prepare financial reports, report on election results, and manage the financial management of meetings and events.

The Secretary/Treasurer interacts with the vendor representatives to get support for Chapter events and ensure that the vendors are getting value for their continued support of the chapter.

Chapter Board Representative

The Chapter Board Representative is a voting member of the AAPM Board of Directors. In this role you are not representing the MRV directly but are on the board to serve the best interest of the AAPM at large. There are typically three meetings per year and attendance is expected (Spring Clinical, National Meeting, and RSNA). The Board oversees all activities of the AAPM, sets the strategic plan, and approves budgets and audits. This is a great role for meeting other leaders in our field and getting experience in leadership of a large organization.

Please Consider Serving on the MRV Executive Committee!
